today my head is much bigger  
i don't know who to blame but i know it is  
i know i tried harder than lennon  
still i find in my mind there's a greater miss  
i could ask a simpler question  
but i dare not i have never been here before  
& if somebody would show me  
it wouldn't take a second i'd be out the door  
i see it's a tree  
glowing bright light deep inside of me  
i know it's my day but i'm not all right  
& i say when i stay  
when my head has blown away  
& when there is nobody else in sight  
applesigns  
show me winter show me fall  
applesigns  
i don't know where i am at all  
applesigns  
don't think i can take anymore  
applesigns

i'm out the door  
i feel the light is much brighter  
today than it was when i was a child  
if you judge me judge me by your heart  
& let me go out & do something wild  
(i'm fine) i'm fine i have been better  
but i know my luck ain't ever gonna change  
but if i get a chance to do it once again  
i would be the same person wouldn't rearrange  
I know if i show  
what i've got inside of me you would go  
& to me i think that it's just fine  
but i say when i stay  
when my head has blown away  
i'll read my future in my applesigns  
applesigns  
show me winter show me fall  
applesigns  
i don't know where i am at all  
applesigns  
don't think i can take anymore  
applesigns  
i'm out the door  
today my head is much bigger  
i don't know who to blame

i tried harder than lennon

but it's all the same

applesigns

show me winter show me fall

applesigns

i don't know where i am at all

applesigns

don't think i can take anymore

applesigns

i'm out the door
