Maybe baby i love u
maybe baby i dont
maybe baby someday i'll leave u ,
then again maybe i wont

Maybe baby i love u
maybe baby i dont
maybe baby someday i'll leave u ,
then again maybe i wont
its hard to no what the future holds,
my mind is so unclear
oh, its hard to see if we would be together threw the
year,
Oh , maybeu'll be my baby forever
who's to say i'll do it my way

and when the night has fallen,
i'll always here you calling
and maybe i'll be afraid.
and baby just remeber
the time we spent together
and maybe i'll be the same

Oh , maybeu'll be my baby forever
who's to say i'll do it my way
Oh , maybeu'll be my baby forever
who's to say i'll do it my way
