back to you

it always comes around

back to you

I tried to forget you

I tried to stay away

But it's too late

over you

I'm never over

over you

something about you

It's just the way you move

the way you move me

I'm so good at forgetting

and I quit every game I've played

but forgive me love

I can't turn and walk away

back to you

it always comes around

back to you

I walk with your shadow

I'm sleeping in my bed

with your silhouette
should have smiled in that picture
if it's the last that I'll see of you
it's the least that you could not do
oh I will
leave the light on
I'll never give up on you
leave the light on
for me too
back to me
I know that it comes
back to me
doesn't it scare you
your will is not as strong
as it used to be
