violet skys  
tear the end  
fallin on  
my knees again

outside in the underground  
battling the rain

im walkin a straight line  
stepped on all of the cracks this time  
i dont care im not movin aside  
forever

outside in the underground  
battling the rain  
outside in the underground  
theres no way im headin in today

i raise my head into the sky again  
and make my rain alone  
ive never hoped, but i stopped searching  
cuz the city told me so  
it all comes down  
down to me

oh ive got a hundred lives  
oh ive got to get it right  
oh who knows someday i might  
oh (ive got to get it right)

outside in the underground  
battling the rain  
outside in the underground  
theres no way im, oh no way

i raise my head into the sky again  
and make my rain alone  
ive never hoped, but i stopped searching  
cuz the city told me  
it all comes down  
down to me

oh ive got a hundred lives  
oh ive got to get it right  
oh who knows someday i might  
oh ive got to get it right
