I'm not alone, I wish I was.
'Cause than I'd know, I'm down because,
I couldn't find, a friend around
To love me like, they do right now.
They do right now.

And all is well, I can't complain.
Well okay, I guess I can.
I got my place, I got my name,
I chase my tail, all the same.

And I can't figure out what's keeping me down.
Something's missing,
And I don't know how to fix it.
Something's missing,
And I don't know what it is, no I don't know what it is
I don't.

And autumn comes, it doesn't ask.
It just walks in, with a bat to lash.
And you never know, when it starts
Until this fog inside the glass around your summer
heartâ€¦

I can't put my finger on what's keeping me down.
Something's missing,
And I don't know how to fix it.
Something's missing,
And I don't know what it is, no I don't know what it is
now.

I can't be sure that this state of mine, is not of my own
design
I wish there was an over the counter test, for loneliness.
For loneliness like this.

Something's missing,
And I don't know how to fix it.
Something's missing,
And I don't know what it is, no I don't know what it is.

Friends, check. Money, check.
Good times, check. Guitar, check.
All, check. All of you, check.
Everyone, check.
Having fun.

And I don't know what it is, no I don't know what it is
At all
