I see you eying that open road  
I got a feeling you're ready to go  
Now here comes change like a runaway train  
No I'm not done with you just yet  
I'm not done with you just yet  
Remember the way we were loving all night  
You kissed me sweet in the pale moonlight  
Now here comes the sun and you're ready to run  
No I'm not done with you just yet  
I'm not done with you just yet  
You think leaving will be easy  
Oh I can't believe you baby how quickly you forget  
I'm not done with you just yet  
I'm not done with you just yet  
No I'm not done with you just yet  
I'm not done with you just yet  
If you let me hold you one more time  
And whisper what I whispered  
You think leaving will be easy  
Oh I can't believe you baby how quickly you forget  
Now I'm the one you had to chase  
Now what's with that little old puppy dog face  
Don't give me those eyes like this is goodbye  
Coz I'm not done with you just yet  
I'm not done with you just yet, Oh no  
You think leaving will be easy  
Oh I can't believe you baby how quickly you forget  
I'm not done with you just yet  
I'm not done with you just yet  
No I'm not done with you just yet  
I'm not done with you just yet
