"Way Too Late"

I keep my heart so close so it won't break
I hold onto the promises I make

Piece by piece I'm feeling myself go
Leading me to where I'll never know

But it's way too late, He's the best mistake
This heart has made, it's way too late
It's way too late
It's way too late

Once I hit the point of no return
And I've surrendered everything I've learned

But it's way too late, He's the best mistake
This heart has made, it's way too late
It's way too late
It's way too late
To stop the falling we're already in too deep
It's too late to run for cover he's already part of me

And it's way too late. He's the best mistake
This heart has made

It's way too late
It's way too late
It's way, way too late
