You're so lazy.  
Well get on your feet  
and make something of your day.  
I know it isn't easy  
but there's no other way.  
Keep the spirit going  
keep the spirit up.  
Don't waste my time these days  
cause I'm ready to kick your ass out, baby!

1,2, 1 2 3 4!

Well say something  
or what do you have to say.  
Come on defend yourself  
be ready to go your own way.  
Stand up, stand up,  
make something of your day.  
Keep up, keep up,  
don't waste my time  
these days (4x)

You're just sitting there  
screwing around, whatever you like.  
Come on get moving man  
with all the lights.  
Stand up, stand up,  
make something of your day.  
Keep up, keep up,  
don't waste my time  
these days (4x)
