Sweetheart, darling, bear in mind all the time  
That a constant friend is hard to find, find  
But when you find one that is good and kind, oh

Never you change, never you change  
Old for new, oh darling  
Never you change, never you change  
Old for new

Because I love you, is that I want you to know  
That I really, really, really love you so  
So, so, so, darling, you remember when we both were  
small  
I never fall in love before, but it's you my heart is  
aching for

Ooh, ooh, my people  
Just keep on, darling, bear in mind all the time  
That a constant friend is hard to find, find  
But when you find one that is good and kind

Never you change, never you change  
Old for new, oh darling, please never you change  
Never you change  
Old for new, oh darling, never, never  
Never you change  
Old for new, oh darling
