You better go now
Because I like you much yoo much
You have a way with you
You ought to know now
Just why I like you very much
The night was gay with you

There's The moon above
And it gives my heart a lot of swing
In your eyes there's love
And the way I feel it must be spring

I want you so now
You have the lips I love To touch
You better go now
You better go because I like you much too much

There's The moon above
And it gives my heart a lot of swing
In your eyes there's love
And the way I feel it must be spring

I want you so now
You have the lips I love To touch
You better go now
You better go because I like you much too much
You better go because I love you much too much
