You've given me happiness and I really love you  
I've been thinkin of you ever since the day we met  
Given me happiness and I feel the fire burning with  
desire  
And I swear I won't forget

Can you tell what you have done for me  
You opened up my eyes and I see  
We've stood through the test of time  
And oh I'm glad that your mine ooh

And you've given me happiness and I know it's real  
Girl you make me feel so good and I know  
That you belong to me  
Given me happiness the way you show you care  
And how your always there for me  
It's like I'm in a dream

You just came along and won my heart  
It happened from the very start  
I thank god for who you are  
Your my bright shining star ooh

You belong to me
