(lyrics by M.C. Hammer; transcribed by Tone-C)

We are hittin' hard in Oakland

Word!

We are hittin' hard in L.A.

Word!

Cleveland, Chicago & Yo-town is on fire

Word, word, word!

Atlanta's proper

Word!

And in Miami, we are mooovin' somethin'

Hmmmmm.

Turn this mutha out

Oaktown posse they will

Turn this mutha out

Yeah boy, they will

Turn this mutha out

M.C. Hammer he will

(chorus ends early)

Hammer, you ain't hittin' in New York

What?

So what you gon' do about that, Hammer?

I'm gon' turn this mutha out.

Hammer, he is...

Strong like a lion, no denyin'

I'm in effect and you suckas are tryin'

to get with me, you can't hang

Doin' it like this, I'm in with a bang

Goin' boom like thunda, and you wonder,

How in the world can the Hammer be underneath me?

He's gonna beat me, say yes to the master and I will

teach thee

(chorus)

Turn this mutha out

Turn this mutha out

Turn this mutha out

Turn this mutha out

Hammer, tell 'em how you came up babeeeee!

I was a student, now I'm the teacher,
I was a member, now I'm the preacher,
I was a worker, and you were the boss,

Now I'm gettin' paid and you're takin' the loss
Once says stop, the other says flee
No, don't perpetrate M.C. Hammer is the feature
Step off, you punk, no fear, I'm M.C. Hammer and I
came here to...

(chorus)

I'm improvin', better start schoolin'
Headed to the top where I'll be rulin'
On top, of hip-hop, I'm in effect and you're not
Your records aren't cool, your shows are weak
Duel with the Hammer and meet defeat
Every night, every week,
I'm comin' correct, you don't want none of me.

(chorus)

x2

I keep hearin' what you sayin'
"Yo Hammer, we knowin' New York's on the wayin'"
I don't care where you from,
I make most look silly, and others look dumb
Yeah suckas, you should, run,
I am, def on the stage, pumpin' at the club
Hammer is an eagle, and you a dove

(chorus)

(funky beats & breaks)

(chorus)

I'm from Oaktown, B-boy straight down
Takin all comers, whoever want to get some
I'm original, you're digital
You want somethin' to say, you're show is pitiful
Don't worry, I'm in tact
Whatever I say, the Hammer will back
Twice as strong, It's goin' on
and I willlll...

(chorus)

(funky beats & breaks)
