MC Lyte - I go On

Now dig it you flap your tounge and talk about this and that but all of that wrong rap is real wack.

I'm on a roll of my own you can't play me so when you talk about the lyte get it right baby.

because i think im all that makin niggas call back they hit the cat and i refuse to call em back.

It aint worth it for the moment or the minute you was in it then u want it but no now ya done kid.

I'm only takin shorts if it means im wearin em. some of these guys yo im only scared of them.

They can't handle what i got to give and always will, im not the run of the mill.

I got skills that go On and on as ya boy hey boy. but i had to kick em out before the dawn turn em on.

I go on and on an on an on

let it flow or ya dont stop

I go on and on an on an on

Let it flow or ya dont stop

A night owl on the prowl heres a victim Soon as i spot em bu duh duh duh duh skippa, now i got em where i want him

an hes all mine, no crime but now hes on prime time.

We hit the door did the booty in the slow mo i like to spank em gave

em bacon on the down low. But thats all thats it see ya later hops i gave ya props but im gonna drop ya at the bus stop.

Cause you was on it like a hornet dog on it got me heated then ya beat it now you know just how to treat it. You kinda slow tho when it comes to brain cells but you can go cause i came n i did it well. Sorry to hurt ya but hunny im

a real one you got to go if you aint the funky feel one.

And when im out it i hope that ya not torn, because my brutha life goes on

I go on and on an on an on

let it flow ya dont stop

I go on and on an on an on

Let it flow or ya dont stop

Now lets swing back on the topic bruthas wanna pop it
knock it n lock it. I'm not havin it cause i control my
destiny. I'm never lettin
a punk get the best of me. So ease up if yo you on a
jelous tip i'm not about to be the victim in the news clip.
Cause unlike some girls
I fight back, or get the boys double up n do a head
crack. I only here for the righten night. to be hit not
smack not slapped or kicked.
So if you commin my way you gotta be strong, strong
enough to know that hittin a women is wrong. Cause
just like you i can find others
too bruthas that do the do quicker than you. So if you
lookin for a straight up relationship keep looking cause
i aint stayin kid. Because
im outty and i hope that ya not torn but never give up
cause life goes on.
I go on and on an on an on
let it flow or ya dont stop
I go on and on an on an on
Let it flow or ya dont stop
