Cause I've been lookin for your love(Mc Magic)all right)
All of my life

(Uh yeah)Its two o clock in the morning
And I'm still wide awake
Writin letters to you girl
But I throw'em all away
Because I
I wanna show you what I feel for you
But these words and this paper
Just ain't good enough for you
How can I prove to you
That girl you live inside my mind
And I can see your pretty face
Everytime I close my eyes
Somethin about the way we me
The day we met
I can't forget
I play the song again and again
And I,
I tell myself that one day
You go'n be my special queen
Convince myself you feel the same way for me
And even though we just met it feels so right
It's going down tonight
(Mc Magic)

My loyalty from this night
Until the very end

Yo te regalaria
Todos mis dias momentos llenos de alegria
You got me fenin
For the taste of just one kiss
I'm fantasizin what it's like
And I can't stop this
I think I'm goin crazy
So tell me can we talk pretty lady
