great explorers know no boundaries  
short of praying  
your children are just waiting for a chance

came from france a credit note  
broke his daddy's heart  
after all they did for him  
broke his daddy's heart

the number one fruit seller!

she will only disappoint  
happy hardcore isn't quite as happy as you'd think

came from france a credit note  
broke his daddy's heart  
after all they did for him  
broke his daddy's heart

the number one fruit seller!

she is only here for ballast
