Verse:

Lisa had me thinkin' she was the only one for me  
And Nikki had those angel eyes that changed my mind  
The day she looked at me  
Then out of no where you come walkin' in my  
life,baby,oh oh oh  
You really blew my mind  
Now I don't care about those other girls  
It's only you I need in my world

Chorus:

Excuse me, my cutie tell me could you be  
The kind of shorty just for me  
My everlasting meant to be oh girl (oo girl)  
From the moment I saw you (my heart starts racing)  
I can't let you walk away  
So won't you tell me girl  
Could you be the kind of cutie that I need  
My one, my destiny  
Little lady tell me could you be

Verse:

Not saying Trina wasn't cool  
But you changed my point of view baby  
Chantel was nice sweet and everything  
But nothing compares to you  
You stole my heart  
And I'm torn apart  
I don't wanna cause the pain  
Girl I would gladly throw it all away  
For what I found in you today

Chorus:

Excuse me, my cutie tell me could you be  
The kind of shorty just for me  
My everlasting meant to be oh girl (oo girl)  
From the moment I saw you (my heart starts racing)  
I can't let you walk away  
So won't you tell me girl  
Could you be the kind of cutie that I need  
My one, my destiny  
Little lady tell me could you be

Bridge:

You could be my summer day,  
And is it possible tell me have I finally, finally found you  
baby

See, I've been a player but I'm tired of playing (oooo)  
Been waitin' for a love like you and I'm not fakin'(oooo)  
You came into my life and I felt so brand(oooo)  
I'm so thankful for you girl I swear

Chorus:

Excuse me, my cutie tell me could you be  
The kind of shorty just for me  
My everlasting meant to be oh girl (oo girl)  
From the moment I saw you (my heart starts racing)  
I can't let you walk away  
So won't you tell me girl  
Could you be the kind of cutie that I need  
My one, my destiny  
Little lady tell me could you be

(repeat chorus until music fades out)
