Chorus:

I think I love the girl in the picture  
She's a fantasy  
Someone that I need to see  
Thing of reality  
You got me all outta control  
Who do I gotta be  
To make cutie wanna be with me  
I know that I need her  
Go out my way  
And I'd do anything to meet her  
Make her mine some day  
Her body got me in the zone  
Who do I gotta be  
To make cutie wanna be with me

Verse 1:

She's the type of girl in the magazines  
Front cover of the 17  
5 foot 11  
Know what I mean  
And she's gotta a body  
Other brothers always crowd around her  
She is the one for me  
I can picture us  
Perfectly  
In the 5 double 0  
Windows down low  
Dippin' on a shoppin' spree

Bridge 1:

I can see you and me (on the run)  
You could be (my number one) my lady  
Don't wanna be you fan  
Wanna be your man  
I can see you and me (puttin' time in)  
You could be (like my best friend) my baby (baby)  
But I guess it only happenes in my dreams

Chorus

Verse 2:

I can see us together at award shows  
Just like P.Diddy and J.Lo  
Cameras flash  
Paparotzi what's the scoop yo (scoop yo)  
But the love we (love we got)  
Will never go and we be proud about it  
Posters on my wall  
Wish that I could call you baby  
Talk about how we were meant to be until we both fall  
asleep

Bridge 1

Chorus X2

Bridge 2:

I'd go to the limit of space  
Anything just to see you face to face  
What would I do if you were here with me  
In reality  
It's all fantasy  
(You) you got (got) what I want (want)  
And I tried (tried) to get you outta my mind  
'Cause I think about you all the time  
Baby yeah

Chorus X2

(song fades out)
