Your whole life's been building up to this moment Your whole life's been building up to this day

Every dream that moved you

Every scar improved you

And every voice around you tells you to believe

You can take it to the top

And you're never gonna stop

In it to win it

Woah woah oh oh

Take it to the top

The stage is yours to show the world what your made

of

This is where you rise and reach for the sky

Nothing gonna stop you

Here because you saw you

Anything to keep you

From what you believe

You can take it to the top

And you're never gonna stop

In it to win it

Woah woah oh oh

Take it to the top
