[Mong : Verse 1]

My Life, It's Like a song  
A letter to you, listen, check it!  
Underneath the bright sun, the sunlight beams upon  
In that sunlight we are able to breath our love together  
Your each and every expression of your heart  
Gives me a bigger and greater love  
You're so beautiful, your beautiful smile  
If its not you, I am thirsty for love  
If its not you, I am thirsty for happiness  
You are so different than anyone else

[Lyn & Mong : Verse 1]

I suddenly remember the day when we first met  
(I was struggling with my life)  
I could lean my tired shoulders on you  
(I finally felt happiness)  
You gave me a place to finally rest behind you  
I loved you since the beginning  
(I also cant live without you)

[Lyn : Chorus]

If you go, If you leave, I am becoming more like you  
And you become more like me, and we are loving each  
other  
If you leave, If you leave, I thank you more  
for holding onto me again when I left for a while

[Mong : Verse 2]

My Life, It's Like a Song  
A letter to you, listen, check it!  
In my heart, love does not cool down  
As time passes, it comes up even hotter  
Its possible only because of you  
My precious love, I've fallen in love  
Your smie and your eyes  
Your hands that warmly embraced my back  
Because I love you, with an unchanging truth,  
I pray tonight of course for you

[Lyn & Mong : Verse 2]

I couldn't give you anything

(I will pray for you)  
But I am breathing by your side again  
(I will live for you)  
Thats all my love is but it makes you smile  
And it makes me love you even more  
(You and me we are forever one)

[Lyn : Chorus]

If you go, If you leave I am becoming more like you  
And you become more like me, and we are loving each  
other  
If you go, If you leave, to you who's held me again  
when I left for a while,  
A little bit closer I whisper to you, I love you  
(Im so happy with just you)  
Just can with you~ ooh~~

[Mong : Verse 3]

Throughout a long period of time,  
we need to be honest for each other  
I only love you, will you trust me?  
I will forever protect you  
Throughout a long period of time,  
we need to be honest for each other  
I only love you, will you trust me?  
I will forever protect you

[Lyn : Chorus]

If you go, If you leave, Now I know,  
I know myself and that I will only look to you  
If you go, If you leave, I will hide behind you  
And with your white eyes I'll love you
