What will we do when we have our own kids  
Give 'em twelve year bids just after the bars come of  
The cribs  
Work within the system, make 'em listin'  
To the darkest lecture in the architecture  
Of a prison full of purity guards, security guards  
That's sure to be hard  
Recess [ringing]  
Ran... to the yard  
... visitation rights  
Boredom is the warden  
Think we just ignore private school  
But can you afford them?  
And even then they're fair to Bette Midler  
They fiddle... diddles  
And now they got the Ritalin  
ADD  
Another dumb doctor's complicity  
I'm about to substitute teach no T.R.A.C.T.

So when the states fail  
And they can't make bail  
We'll hold a yail brake/fake bake sale  
Slow in the uptake  
While below in this cupcake  
There is a file mile wide  
With the rebile style died

Pauellelujah

Current events, comparesing contrasts  
Causing effects, evarising bombats  
Five paragraphs each starts with a topic sentence  
Or hook for pop ascendants  
So much pop of course people stop attendance  
And this court loves to drop defences  
Let me see how illusion is spelled  
98 percent of the graduates retriculate  
Because the other ones got expelled  
And then you know where they go

We could relatucate with the art  
But we ain't got pay...  
You can take you budgettary constraints  
And find it up you hairy ta...  
That means you principle asswipe!  
You are worse for crossing grass than sass in a glass  
Pipe  
This isn't hyperbolly  
This is reality, verbally  
And we don't wan't weekends we need every day  
between  
If you're mic-ed out when you're twenty  
You're old when you're fifteen  
I know - I reopen the black mountain school  
And bring back to us the abacus as a counting tool  
Y'all know what time it is  
This is my... house  
When run around when it's nice out  
And nobody counts house
