[Verse 1 - MC Ryoku]

Cuz she got that smile and she got those eyes
I really can't help it, I get butterflies
When I'm with her, I see her, or thinking of her
And I hate those long days when I can't be with her
From that day of first sight girl I fell for you
An obsession, a passion, it felt so true
Took advantage of the feeling, got me writing songs
Couldnt get you off my mind, thinking all day long
From lyric to lyric, note to note
I made her smile, made her blush from the things that I
wrote
And I don't regret anything that I said
Though I had a foolish heart and a mind mislead
Wasn't lust, maybe love or infatuation
Blinded, couldnt see the real situation
That you were infact, not inlove with me
But I really can't help it when you're with me

[Verse 1 - Ickest]

There are times when I just drive myself crazy
Just the thought of us together excites me baby
I just want to be with you
But you got your reasons
I just want to rock divine
And show you I am worth your while
What is it that I don't have that you're in need of
If it's love then I got more for you than anyone
Do you need a man with much independence
Babe I know I can offer more than what you've
dreamed of

[HOOK]

It's true that I do love you
In so many different ways
I can't find the words
To explain the feelings that I get
When I'm with you, when you're with me
(When I'm with her)

[Verse 2- MC Ryoku]

She got me feeling superhuman when I Hear her voice

Makes me glad, gives a reason for me to rejoice
When times are bad, I juz shake it off
When I see her smile, my frown stays off
Like an angel sent from heaven, she leads the way
Through any tribulations that I face everyday
When I got a problem I turn to her
Unanswered questions, she makes me sure
She gives me this feeling I can't explain
Mainly in my heart and not in my brain
Some would call it puppy love but I call it true love
But the word aint exactly what I'm thinking of
Cuz she is the only definition I need
Tryna make her feel the same, hope that I'll succeed
So juz take this song, and tell me what you say
Cuz ima pass it on to lckest, man take it away

[Verse 2 lckest]

I shan't deny it but I cannot help it
The butterfly feelings, I admit
Every moment that I am next to you
It's like a wish I didn't have to wish came true
What is it that I don't have that you're in need of
If it's love then I got more for you than anyone
Do you need a man with much independence
Babe I know I can offer more than what you've
dreamed of
