[ VERSE 1 ]

The microphone stand is where I make my escape  
Out of the blue I see some dope rhymes that I shoulda  
take

I used to say em off the top of my head, man, could I  
drop a

Megaton bomb that was odd to stop, a

Movin train, hope I don't have to explain

That any rapper step in my way, he's bound to be slain

The stage is the court, I'm the judge and the juror

And when rappers pass me by they should Heil to the  
Fhrer

Although you may hate me and down to degrade me

There's some suckers walkin 'round tryin to cold  
imitate me

Never cursin or rehearsin cause I'm so versatile

And you can tell by these words it's a freestyle

[ VERSE 2 ]

MC's I wipe out and rub them, don't care if you love  
them

And I wish you placed my name ?that flies? way up  
above them

Each and every show I do ends with applause

Here's lookin at you, kid, now go for yours

And if you choose not to, then I'm gonna take it

A night you'll never forget: it's just what I make it

And it won't take long for me to sing a new song

Because the key to gettin paid is you should never  
prolong

See my mind is set to automatically jet

You can't name the day you seen me let a mic pass yet

Once the microphone is mine I start by thankin you  
greatly

And you haven't heard of anybody duffin us lately

Never cursin or rehearsin cause I'm so versatile

You can tell by these words it's a freestyle

[ VERSE 3 ]

Just take another look at this one tough cookie

And could never be duffed by a new jack rookie

See, before I came with an MC name  
And I feel sorry for the rapper that tries to proclaim  
Because you won't have a chance and you will need  
advancin  
Marley hasn't made a beat yet that wasnc12
