I feel hot and red and wired
I feel burned out like I've expired
Freaky dreams and you are there
With glowing eyes and burning hair
And I'm even dreaming violent
Every nerve and every cell
They gotta fight to stay alive and well
I'm in a world of chronic discontent
Screaming metal and burning rubber
Always shoving and raping and cursing each other
Exploding into violence
Try some buy some wheel and deal it
Buy it or steal if it makes you feel it
If we want it intense
We want our violence
Get ready to take it all away
The things they do the words they say
It's all so ready to get violent

Wedding bells all pink and white
Chocolates and candlelight
You and me and we makes three
K/l/s/s/l/n/g like a comedy
That never played quite right

It seems so easy and it looks so clean
All the shiny happy people in the magazines
But nothing seems to mean what it mean
A flood of blood and burning pain
Broken hearts and throbbing brains
And the message has been sent
It's violent

Try some buy some wheel and deal it
Buy it or steal it
If it makes you feel it
If you want it intense
Yes, we want violence
We're ready to take it all the way
The things they do the words they say
It's all so ready to get violent

Try some buy some wheel and deal it
Buy it or steal it
If it makes you feel it
If you want it intense
Yes, you want violence
We're ready to take it all the way
The things they do the words they say
It's all so ready to get violent
