Welcome to your mission...

(sung)

I thought i saw something moving
Eyes in the dark
Under a cloud of confusion
Their gonna tear you apart
I heard the girls are from Venus
And the guys are from Mars
But in the end they all leave us
Once they've destroyed your heart...

Looking in your eyes
I can see forever
I heard somebody say
We're being hypnotized
And if its true then
I really think this could be...

The End Of The World
(The end of the world)
The skies falling down
(The end of the world)
So guys grab you girls
(the end)
And spread the word around

I'd sell my soul to the devil
If i had one to give
The line between good and evil
Its not a safe place to live
I guess that fate drives a needle
Shes taking me in (Hoah)

But as the clock reaches zero, hoh hoh

I really think this could be...

The End Of The World
(the end of the world)
The skies falling down
(the end of the world)
So guys grab your girls
(the end)
And spread the word around

(Guitar Solo)

Looking in your eyes
I can see forever
I heard somebody say
We're being hypnotized
And if its true then
I really think this could be...

The End Of The World
(the end of the world)
The skies falling down
(the end of the world)
So guys grab your girls
(the end)
And spread the word around

Oh its the end of the world
(the end of the world)
The skies falling down
(the end of the world)
So guys grab your girls
(the end)
And spread the word around

(Guitar Solo)
