Crash in to the room
Scared to turn the lights on
Like a ticking time bomb
She's got a fuse
a limit on the rush ins
from the guilt of passion
What's a boy to do
Swore I'd never come back
To this place of combat
Tie me a noose
With your dirty heart strings
Music in the dark sings dark things

Do watcha want do watcha want to me
Do watcha want do watcha want to me
Do watcha want do watcha want to me
Do watcha want do watcha want to me

Frozen to the bone
I cannot remember much from that December
Bruised and alone
Caution through the rough tide
Keep it on the inside, this time

Do watcha want do watcha want to me
Do watcha want do watcha want to me
Do watcha want do watcha want to me
Do watcha want do watcha want to me
You want to me you want to me

Kick me to the curb
Rip a hole in my heart
And drag through the dirt by my soul from a car
Hug me in the night like a wolf in the dark
But watch out for that bitch called karma!

Do watcha want do watcha want to me
Do watcha want do watcha want to me
Do watcha want do watcha want to me
Do watcha want do watcha want to me
Do watcha want do watcha want to me

Do watcha want do watcha want to me
Do watcha want do watcha want to me
Do watcha want do watcha want to me
Do watcha want do watcha want to me
Do watcha want do watcha want to me
Do watcha want do watcha want to me
Do watcha want do watcha want to me

Do whatcha want
Do whatcha want
Do whatcha want
Do watcha want.
