I see you walking alone:
Nobody seems to care.
I see you play on your own:
Everyone seems to stare.
I can see tears in your eyes,
I can hear what people are saying.
I can see the look on your face
But I don't want you to worry any more.

I'll do all that I can,
Whatever you want me to do.
When you're down, I'll be around.
Whatever you're going through,
I will be your friend.

I see you sit with a frown,
Next to an empty chair.
But if you turn around,
You'll see me sitting there.
I can see tears in your eyes,
I can hear what people are saying.
I can see the look on your face
And I know that you don't worry any more.

Part 1

I'll do all that I can,
Whatever you want me to do.
When you're down, I'll be around.
