You said you wanted love so I gave it
I said I wanted trust
But I did no wrong
Does he turn you on
You went and the thing thst betrayed us
And if I did the same if that was real
How would that feel?
I can't lie I'm tired
Of you treating me so oh cold
Tonight I'm done
Either you stay or you go go go
I can't believe that we lost all our magic
And if I leave then here comes the storm
What can I do from across the Atlantic
How would you feel when I'm
Gone gone gone
I know I've done something
I'm not perfect
You know the way I think
I'll play your game
We're not the same
Walking away from this and I'm thinkin'
What if I don't come back
Would that be so wrong?
Here comes the storm
I can't lie I'm tired
Of you treating me so oh cold
Tonight I'm done
Either you stay or you go go go
I can't believe that we lost all our magic
And if I leave then here comes the storm
What can I do from across the Atlantic
How would you feel when I'm
Gone gone gone
Here comes the storm
Here comes the storm baby
What can I do from across the Atlantic
How would you feel when I'm
Gone gone gone
You said you wanted love
And I gave it
I said I wanted trust

But I did no wrong
Does he turn you on
You went and did the things
That betrayed us
And if I did the same
If that was real
How would you feel?
I can't lie I'm tired
Of you treating me so oh cold
Tonight I'm done
Either you stay or you go go go
I can't believe that we lost all our magic
And if I leave then here comes the storm
What can I do from across the Atlantic
How would you feel when I'm
Gone gone gone
Here comes the storm
Here comes the storm baby
What can I do from across the Atlantic
How would you feel when I'm
Gone gone gone
