I feel like I've been here once before
You threw my bags out through the door and in the
road
I came home to find them on the floor
And as the rain began to pour, I got cold

And I tried to compromise
But you kept telling all these lies
Now I don't get to say my last goodbyes

Goodbye to you've been wastin' all my time
You're no longer mine
And now you've left me, I can't seem to get you off my
mind
That's when I realized, you had me hypnotised
(You had me hypnotised)

Why am I now living on my own?
She keeps inviting people home all the time
Why am I still paying for her phone
When all the luxuries she owns should be mine?

Now I start to wonder why you shrug me off when I say,
'Hi'
You treat me so bad despite how hard I try

Goodbye to you've been wastin' all my time
You're no longer mine
And now you've left me, I can't seem to get you off my
mind
That's when I realized, you had me hypnotised
(You had me hypnotised)

Girl, you can't hold me back no more
You're not even worth me writing lyrics for
We had something good together
Do you think you were being clever
To throw me out in awful weather?
How do I forget you now?

I can't get you off my mind
That's when I realized, you had me hypnotised

(You had me hypnotised)

Goodbye to you've been wastin' all my time

You're no longer mine

And now you've left me, I can't seem to get you off my
mind

That's when I realised, you had me hypnotised

(You had me hypnotised)
