Been all around the world
I never met a girl
Who does the things you do
And puts me in the mood
To love you and treat you right
So come here, and close your eyes
Lie back, release your mind
And let the world fall down
While I'm by your side

I'll be your man through the fire
I'll hold your hand through the flame
I'll be the one you desire
Honey, cause I want you to understand
I'll be your man
I'll be your man

I can lay with you for days
The years can pass away
There's lipstick on my face
And I love the way you taste
And I'm right here, so lock the door

Because you need me
But I need you more
And I don't care, 'bout your mistakes
Cause they all went away
When I found you Katie

I'll be your man through the fire
I'll hold your hand through the flame
I'll be the one you desire
Honey, cause I want you to understand
I'll be your man
I'll be your man

Oh, I'll be your man through the fire
I'll hold your hand through the flame
I'll be the one you desire
Honey, cause I want you to understand
I'll be your man
Oh, I'll be your man
