McFly
"Lonely"

It's only been a day
But it's like I can't go on
I just wanna say
I never meant to do you wrong

And I remember you told me, baby
Something's gotta give
If I can't be the one to hold you, baby
I don't think I could live

Now I'm so sick of being lonely
This is killing me so slowly
Don't pretend that you don't know me
'Cause that's the worse thing you could do

Now I'm singing such a sad song
These things never seem to last long
Something that I never planned on
Help me, baby, I'm so sick of being lonely

Your stuff is in my house
So many things I can't ignore
Your coat's still on the couch
Your photo's on my freezer door

And I remember you told me, baby
Something's gotta give
If I can't be the one to hold you, baby
I don't think I could live

Now I'm so sick of being lonely
This is killing me so slowly
Don't pretend that you don't know me
That's the worst thing you could do

Now I'm singing such a sad song
These things never seem to last long
Something that I never planned on
Help me, baby, I'm so sick of being lonely

Lalalalala
Lalalalala

Lalalalala

I am so lonely
Whawhawhawhawha
Whawhawhawhawha

And I remember you told me, baby
Something's gotta give
If I can't be the one to hold you, baby
I don't think I could live

Now I'm so sick of being lonely
This is killing me so slowly
Don't pretend that you don't know me
That's the worst thing you could do

Now I'm singing such a sad song
These things never seem to last long
Something that I never planned on
Help me, baby, I'm so sick of being lonely

I am so lonely
I am so lonely
