Woo woo woo

Ive got a girl I love
I took her to the cinema
and on the way back home
she asked if she could drive our car
she could shrink my clothes
or break a string on my guitar
but I swear (she would never)
drive my TVR (she would never)
never ever get that far

woo woo woo
ever get that far
woo woo woo

she gives me good vibrations
I like the way she makes me feel
but I dont have the patience
to let her hold the steering wheel
out of all my girlfriends
oh, shes the prettiest by far
but I swear (she will never)
drive my TVR (she will never)
never ever get that far

woo woo woo
ever get that far
woo woo woo

streamlined car staring up the street
burning rubber shes a mean machine
and Ill make her scream
when the lights go green

woo woo woo
when the lights go green
woo woo oh yeaah

out on the country road
she yelled at me to hit the brakes
she said "Im walking home"
and I dont care how long it takes
and then the engine died
and I was stranded in the dark
and I knew (I shouldve let her)
drive my TVR (I shouldve let her)
after all its just a car (3 little letters)
the reason why she broke my heart

woo woo woo
she broke my heart
woo woo wo
