Everything she says to me  
Is nothing  
Even words of sympathy  
Mean Nothing  
I'm feeling down and I hate the sound  
Of Nothing  
What's the point in hanging round  
For Nothing?

[Chorus]

And I can't remember falling in love with you  
This is agony  
And you know you're putting me through this misery  
Taking every memory  
Just tell me why this misery won't go away  
How can we carry on this way?

I find it hard to hold a conversation  
I'm being with this just in aggravation  
I can stay but I haven't got the patience  
I'm sick of pathetic explanations

[Chorus]

That's why I forgot falling in love with you  
This is agony  
And you know you're putting me through this misery  
Taking every memory  
Just tell me why this misery won't go away  
How can we carry on this way?

You'll never bring me down  
Cause I'm so far above you  
You think you're strong  
But you're nothing to me now  
And I hope you will be happy  
This time around

[Chorus]

And I can't remember falling in love with you  
This is agony  
Do you know you're putting me through this misery  
Taking every memory

Just tell me why this misery won't go away  
How can we carry on this way?
