You don't have to have money,
To make it in this world,
You don't have to be skinny baby,
If you wanna be my girl.

Oh you just gotta be happy,
But sometimes that's hard (sometimes that hard),
To just remember to,
Smile smile smile,
And that's a good enough start.

So if you ain't good looking,
Don't you let it get you down,
And if your love life ain't cookin' baby,
There'll be more fish around,

Oh you just gotta stay happy,
So put away that frown,
Just remember to,
Smile smile smile
To turn the world around.

Just remember to,
Smile smile smile
Smile smile smile
Smile smile smile
Come on and show us your teeth,
And what you got underneath.

Coz everyones got troubles,
But that's the way the story goes,
You don't need to get in trouble baby,
To see what's underneath your nose,

Oh coz if your feeling happy,
That's the place to let it show,
So just remember to,
Smile, smile, smile,
So everybody knows.

And it will make things so much better,
When your feeling low.

Just remember to,
Smile smile smile
Smile smile smile
Smile smile smile
Come on and show us your teeth,
And what you got underneath.

Smile smile smile
Smile smile smile
Smile smile smile
Come on and show us your teeth,
And what you got underneath.

Just remember to,
Smile smile smile
(Come on you gotta) smile smile smile
Smile smile smile
Come on and show us your teeth,
And what you got underneath.

Smile, smile, smile,
You gotta
Smile, smile, smile,
Just remember to
Smile, smile, smile,
To turn the world around.
