Hey, I'm looking up for my star girl
I guess I'm stuck in this mad world
With things that I wanna say
But your a million miles away

And I was afraid when you kissed me
On your intergalactical frisbee
I wonder why, I wonder why
You never asked me the same

Ooh, so wouldn't you like to come with me?
Ooh, surfin' the sun as it starts to rise
Ooh, woah, your gravity's makin' me dizzy
Girl, I gotta tell ya, I'm feelin' much better
Make a little love in the moonlight

Hey, there's nothing on Earth that could save us
When I fell in love with Uranus
I don't wanna give you away
'Cause it makes no sense at all

Houston, we got a problem
Ground control couldn't stop them
I wonder why, I wonder why
You never asked me to stay

Wouldn't you like to come with me?
Surfin' the sun as it starts to rise
Woah, your gravity's makin' me dizzy
Girl, I gotta tell ya, I'm feelin' much better
Make a little love in the moonlight

Fly away
Watch the night turn into day
Dance on the Milky Way
Melt me with your eyes
My star girl rules the skies
One, two, one, two, three, four

I'm looking up for my star girl
Guess I'm stuck in this mad, mad world
Things that I wanna say

But your a million miles away

So wouldn't you like to come with me?
Go surfin' the sun as it starts to rise
Yeah, wouldn't you like to come with me
(Yeah)
Girl, I gotta tell ya, I'm feelin' much better
I can't get enough of you

Galaxy defenders stay forever
Never get enough of you
