(Tom)

hey! I'm looking out for my Star girl,
I guess i'm stuck in this mad world?
with things that I wanna say, but you're a million miles
away,
And I was afraid when you kissed me on your
intergalactical frizbee.

I wonder why, I wonder why, you never asked me to
stay.

(dougie and tom)

ooo-ooo-ooo-oooo

(danny)

So wouldn't you like to come with me?

(dougie and tom)

ooo-ooo-ooo-oooo

(danny)

Surfin the sun as it starts to rise?

(dougie and tom)

ooo-ooo-ooo-oooo

(danny)

Woah! Your gravity's making me dizzy!
Girl, I gotta tell ya, I'm feeling much better.
We'll make a little love in the moonlight.

(tom)

Hey!

There's nothing on earth that can save us,
when I fell in love with Uranus,
I don't want to give you away -
'Cause that makes no sense at all,
Houston we got a problem and ground control couldn't
stop them.

I wonder why, I wonder why, you never asked me to
stay.

(dougie and tom)

ooo-ooo-ooo-oooo

(danny)

So, wouldn't you like to come with me?

(dougie and tom)

ooo-ooo-ooo-oooo

(danny)
Surfin the sun as it starts to rise?

Woah! Your gravity's making me dizzy,
Girl, I gotta tell ya, I'm feeling much better,
make a little love in the moonlight.
(tom)
Fly away!
Watch the night turn into day,
Dance on the Milky Way,
Melt me with your eyes,
My Star girl rules the sky.
(danny)
One, Two, One, Two, Three, Four!
(Tom)
