Everything he does better than anything ordinary
Everything he wants he gets 'cause everything he does
is kinda necessary
I believe in love
Tell me can anything last forever
Life can live up to love
Got a hand on my heart
Gonna stay in heaven

You're gonna make me
Make me love you
Nothing at all
Nothing I can do
Promise I made
Promise I made started to fade
Started to fade
Fade

You're gonna make me
Make me love you
Nothing at all
Nothing I can do
Promise I made
Promise I made started to fade
Started to fade
Fade

Maybe next time I will take the ride on by
I wanna feel you near 'cause I can't play this like I'm
into now
My Aladdin's lamp is down and I got a fear
Oh
Baby right here

Giving up
You're looking into windows

Yeah
I've had enough of wishing
I've found you,
Baby don't you know
I've had as much I can take of falling
Yeah
Got a lot to learn about riding through

You're gonna make me
Make me love you
Nothing at all
Nothing I can do
Promise I made
Promise I made started to fade
Started to fade
Fade

You're gonna make me
Make me love you
Nothing at all
Nothing I can do
Promise I made
Promise I made started to fade
Started to fade
Fade

Here I am walking in Primrose
Wondering when I'm gonna see you again
So here I am walking in Primrose
Wondering when Im gonna see you again

You're gonna make me
Make me love you
Nothing at all
Nothing I can do
Promise I made
Promise I made started to fade
Started to fade
Fade

You're gonna make me
Make me love you
Nothing at all
Nothing I can do
Promise I made
Promise I made started to fade
Started to fade
Fade
