I never meant the things I said
To make you cry
Can I say I'm sorry

It's hard to forget

And yes I regret
All these mistakes
I don't know why you're leaving Me
But I know you must have your reasons
There's tears in your eyes
I watch as you cry
But it's getting late

Was I invading in on your secrets?
Was I too close for comfort?
You're pushing me out
When I'm wanting in
What was I just about to discover?
When I got too close for comfort
Driving you home
Guess I'll never know

Remember when we scratched our names into the sand
And told me you loved me
But now that I find
That you've changed your mind
I'm lost for words
And everything I feel for you
I wrote down on one piece of paper
The one in your hand
You won't understand
How much it hurts to let you go

Was I invading in on your secrets?
Was I too close for comfort?
You're pushing me out
When I'm wanting in
What was I just about to discover?
I got too close for comfort
Driving you home
Guess I'll never know

All this time you've been telling me lies
Hidden in bags that are under your eyes
And when I asked you I knew I was right

But if you turn your back on me now
When I need you most
But you just let me down, down, down

Would you think about what you're about to do to me
And back down...

Was I invading in on your secrets?
Was I too close for comfort?
You're pushing me out
When I'm wanting in
What was I just about to discover?
I got too close for comfort
You're pushing me out
When I'm wanting in
(Yeh yeh yeh)

Was I invading in on your secrets?
Was I too close for comfort?
You're pushing me out
When I'm wanting in
What was I just about to discover?
When I got too close for comfort
Driving you home
I guess I'll never know...
