Ding dong, ding dong, ding dong, ding dong, ding  
dong

CHORUS:

Wella wella wella wella  
I'm waitin for the bell to go ding dong ding dong  
You're the lover boy I'm meetin after school at 3  
Wella wella wella wella  
I'm waitin for the bell to go ding dong ding dong

First one out when the bell is gonna ring is me  
Gotta lot of dates to memorize in history  
I gotta lot of guys who did a lot of things  
A couple hundred years ago

Why I gotta learn those numbers is a mystery  
A date with you after school is the only date I know

CHORUS

Music interlude

CHORUS

Gotta study up for French vocabulary  
To learn a lot of words and how to spell em right  
Is not an easy thing to do  
Only know the words that I find necessary  
Is all I know  
It means that I love you

CHORUS

First one out when the bell is gonna ring  
First one out when the bell is gonna ring  
First one out when the bell is gonna ring is me
