He can turn the tides and calm the angry sea  
He alone decides who writes a symphony  
He lights evry star that makes the darkness bright  
He keeps watch all through each long and lonely night

He still finds the time to hear a childs first prayer  
Saint or sinner calls and always finds him there  
Though it makes him sad to see the way we live  
Hell always say I forgive

He can touch a tree and turn the leaves to gold  
He knows every lie that you and I have told  
Though it makes him sad to see the way we live  
Hell always say I forgive

He forgives
