The drunk on the street
The rich in their palaces
The poor and unlearned
And men of degree
They all have a soul
In need of salvation
And they all have to come
By Calvary

CHORUS:

I am so glad God saves old sinners
I'm thrilled and amazed, how He sets them free
But the biggest surprise in redeeming old sinners
Is that He would save and old sinner like me

Was I so wrong,
That I needed forgiveness?
And was I so bad?
I had to be redeemed
Well I wasn't a thief
But I lived in sins prison
And I was as lost
As a sinner could be

CHORUS:

I am so glad God saves old sinners
I'm thrilled and amazed, how He sets them free
But the biggest surprise in redeeming old sinners
Is that He would save and old sinner like me
