Oooh Oooh Oohh
Eh Eh Whoa x 4

Iâ€™ve done enough to admit i was,
Afraid of love,
didnâ€™t know what it was.
Thought it was just for sending greetings card,
and music and movies
And Iâ€™ve seen enough

Then there was you
Then there was us
Then there was all of these feelings,
And now i know its real cos..

I, Iâ€™m finally in love
I know how it feels for the first time,
I, Iâ€™m f
finally in love
And i wanna feel this good for the rest of my life

Eh Eh Whoa x 2

I had no direction
just rolling around
didnâ€™t know where i was going
but everything is different now
Iâ€™ve found love
and i know it
its all about u

its all about us
its all about the way iâ€™m feeling
Girl, since e met
every dream i had in my life came true
and i wouldnâ€™t spend it with anyone but you

Chorus
