Sometimes I wonder

Why people suffer

Why all the pain and sorrow?

So much injustice

Weeping and sadness

Here in our world today.

Chorus

Pain won't be here for ever (ah ah ah)

Sadness will turn to laughter (ah ah ah)

Mourning will turn to dancing and our tears will be
wiped away.

Looking around me

I see such anger

Why must we hurt each other?

So many people

Living in sadness

Here in our world today.

Chorus

Pain won't be here forever (ah ah ah)

Sadness will turn to laughter (ah ah ah)

Mourning will turn to dancing and our tears will be
wiped away

INSTRUMENTAL

Chorus

Pain wont be here for ever (ah ah ah)

Saddness will turn to laughter (ah ah ah)

Mourning will turn to dancing and our tears will be
wiped away.

Where there is heatache

Where there is grieving

I want to feel compassion

May I give comfort

Where there is hurting

May I bring love again
