the seven headed dragon came up from his seat

thats king felt of crime in the city i confined
evil spirits travel through me i done like four

I'm a deadman walking that's what they say about me
I spit that deal runnin from killing some Gs
I squeeze it's motha dope on the scene
Mothafuckers ain't know that I hide them Ki's
Walking deadman and can't pull it them toys
G rabbe from the H enemies paranoid

You should done somethin before I decease

It's thee abiss evil plans of thought
Reappear like a phantom murder on the spot
Your homeboy killed that's to this month
I caught his ass slippin so I smoked the punk
I was covered in blood and am guilty of sin
When mothafuckers wanna bang is when the war
begins
Serve cold so they can rest in peace
Ese wack mothafuckers on them LA streets
Graystone like the skull and bones

Ese this a dedication to them Gs that's gone
Don't trip dawg we gonna hold it down
Grab lokote from his neck and put his face in the
ground
I said the sumption of death in this game of death
I ain't accept the words straight from my chest
I ain't expell your ass from the LA streets
You in the bottomless pit some WestSide HARPYS shit

Chorus
