"Days That Shape Our Lives"

Visit "[Days That Shape Our Lives](#)" on MotoLyrics.com

Baby get a little closer
These are the days that we will never top
But these times will change
And things will never stay the same

(Let's go, let's go)
As we're standing toe to toe
We'll be proud to say that we lived every moment

These are the days that make us
These are the times that we can say will change us
We'll make these times mean more than life
(Mean more than life)
And if we ever leave this
At least we know that we were there to witness
All these times
These are the days that shape our lives

We're taking everything right into our stride
There won't be anything
That we can leave behind
We won't rest yet
We're causing damage like a train wreck can you see
this
Tell me can you feel this
Tell me can you feel this

(Let's go, let's go)
As we're standing toe to toe
We're gonna live each day
No matter what comes our way
We'll always be the ones to say

These are the days that make us
These are the times that we can say will change us
We'll make these times mean more than life
(Mean more than life)
And if we ever leave this
At least we know that we were there to witness
All these times
These are the days that shape our lives

These are the days that make us
These are the times that we can say will change us
We'll make these times mean more than life
And if we ever leave this
At least we know that we were there to witness
All these times

These are the days that make us
These are the times that we can say will change us
We'll make these times the days that shape our lives
Days that shape our lives
Days that shape our lives
