Sometimes I wonder what I'd be when I grew up  
And then I remembered it was anything I dreamed of  
I could be a ballerina  
Or I could be a scientist  
But before I make that decision, lets talk about my list

Lets talk about love, lets talk about peace  
To livin' in perfect harmony  
Lets talk about hugs, and talk about ways that we can  
share

Lets talk about you, lets talk about me  
Lets talk about how we can be one big family  
Lets talk about love  
Ta ta  
Ta ta

Sometimes I felt like a teddy bears could talk  
They would tell me all their secrets  
And everything they would want  
They wouldn't ask to stand you closer  
And to hold each others hands  
And become one another  
And don't misunderstand

It's all about love, it's all about peace  
To livin' in perfect harmony  
It's all about hugs, it's all about ways that we can share

It's all about you, it's all about me  
It's all about how we can be one big family  
It's all about love

La la la la la la la  
La la la la la  
La la la la la la la  
La la la la la

Everybody has a heart, everybody has a smile  
Lets wrap a bow around each one  
And give it away once in awhile.

Lets talk about love, lets talk about peace  
Lets talk about perfect harmony  
Lets talk about hugs, and talk about ways that we can  
share

Lets talk about you, lets talk about me  
Lets talk about how we can be one big family  
Lets talk about love

Lets talk about love, lets talk about peace  
To living in perfect harmony  
Lets talk about hugs, lets talk about ways that we can  
share

Lets talk about you, lets talk about me  
Lets talk about how we can be one big family  
Lets talk about love

Lets talk about peace  
Lets talk about hugs  
Lets talk about love
