I'm too cool for my dress
These shades don't leave my head
Everything you say is so irrelevant

You follow and I lead
You wanna be like me
But you're just a wanna-be
Love it or hate it
Ooooh
I can't help the way I am
Hope you don't misunderstand
But I'm too cool (too cool)
Yeah I'm too cool
To know you

Don't take it personal
Don't get emotional
You know it's the truth
I'm too cool for you

Lucky I'm so nice
Even I'm surprised
You are still allowed to be in my crew
Show you how it's done
If you wanna be someone
Just watch here,
And you'll learn some

Me, myself and I agree
You'll never catch up with me

'Cause I'm too cool
Yeah I'm too cool to know you
Don't take it personal,
Don't get emotional
You know it's the truth
I'm too cool for you
You think you're hot,
But I'm sorry you're not exactly who
You think you are
Can't tell you what
That I haven't got

But when we walk into the room
I'm too cool for you

See some are born with beauty, brains, and talent
And they've got it all
While others have to try all their lives
Still they never get the call
That's the difference between you and me
Obviously
I'm a natural
I'm the real deal

Ooooooh
I can't help the way I am
Hope you don't misunderstand
But I'm too cool
Too cool
Yeah I'm too cool
To know you
Don't take it personal
Don't get emotional
You know it's the truth
I'm too cool for you

Too cool (too cool)
Yeah I'm too cool to know you
Don't take it personal
Don't get emotional
You know it's the truth
I'm too cool for you
