This new neighborhood ain't no good
Am I understood
Something's wrong but there's nothing
I can put mu finger on.

I wanna get back to blue. Wanna get back to blue.

An acquired tast your smilin' face
but just don't get me wrong
It just gives me the creeps
When I hear you laughing in your sleep

I wanna get back to blue. Wanna get back to blue.

I wanna get back to the things
we used to do.
think I'm going back again tonight.

Ain't it funny how it ain't funny at all.
I think I'm going back again tonight.

I wanna get back to blue.
Wanna get back to blue.
