You never think to occupy my time
And you never require
And you never lean too much
And it's always been this way

It's wearing thin
Your words come crowdin' in
And I want you to know
It's the stuff that stirs me up
And follows me away

So write my name
And carry my picture
There's nothing wrong
I'm willing, I'm willing
I will lead you on

So write my name
And carry my picture
There's nothing wrong

Never think to occupy my time
And you never require
And you never lean too much
And it's always been this way

So write my name
And carry my picture
There's nothing wrong
I'm willing, I'm willing
I will lead you on

So write my name
And carry my picture
There's nothing wrong

[Incomprehensible]

So write my name
And carry my picture
There's nothing wrong
I'm willing, I'm willing

I will lead you on

So write my name
And carry my picture
There's nothing wrong
