"Harry Lee"

Gonna wander on the own
Find a way
Gonna find a way to run
If I should stumble on the way
Find a way
To get back into your arms

Grandmother won't you please
Oh will you sing a song
I'm begging mama won't you please
Oh you are the one
In every way, every day

When I point up to the moon, take me there
Gonna take me in your arms
Gotta feed me like a king
Yes, I'm Harry Lee
Harry Lee to all the stars

Grandfather won't you please
Oh will you sing a song
I'm begging daddy won't you please
Oh you are the one
In every way, every day
