Don't ask me what I think of this
I only think of that
Try talking? First I'll try to hum
It's just that my sum isn't adding up

Oh, let me state my case
I do as I am told
Keep within the keep, feed within the fold
As I brush away the flies, it's so hard

Don't ask me, I don't seem to know
I'm a bit slow, yeah
Try walking? I'll just take the bus
It's not worth the fuss, well, is anything?

Oh, let me stat my case
I teach what I am taught
Filter in a fact, confuse it for a thought
Oh, I'd rather use my time to steep

Well, I keep my feet in the air
And my head on the ground
Oh, I'm walking around upside down
When I stop I can't see you stare

I can't hear a sound
Oh, I'm walking around upside down
